

ACADEMIC ELIGIBILITY PROCEDURE

For Athletics and Extracurricular Activities

1. Criteria for determining extra-curricular eligibility and academic probation are:

- (a) Each student must carry a full course load, including Physical Education, in his/her schedule.
- (b) A student with a grade of 64 or less, an incomplete (INC) or an unsatisfactory (U) effort comment, will be placed in an after school study hall.

2. Report cards and interim reports determine eligibility. For the 2015-2016 School Year interim reports will begin at 5 weeks on October 15, 2015.

3. Eligibility for beginning a fall sport/activity is determined by academic standing after the Q4 report card from the previous school year for the 2015-2016 school year. The beginning of winter and spring sport/activity eligibility will be based on the last report card/interim report issued during that current school year.

4. All students participating in modified, JV and Varsity sports or extra-curricular activity are bound by this timetable.

Afterschool Study Hall

Students are placed on academic probation when they receive a failing grade in one or more classes. Students on academic probation may fully participate in athletics/activities provided they attend after school study hall. Study hall is scheduled Tuesday through Friday from 2:30-3:30pm. Students must attend before reporting to practice, contest or activity.

Students are considered eligible to play and practice and fully participate in their sport/activity with attendance at after school study hall. A student must have prior written permission and an administrator's signature for any day they are unable to attend study hall. Early departures for a contest do not count as a missed day. Daily absences from school do not count as a missed day. Any missed days must be made up by the student.

At five week intervals, student grades will determine if the student athlete continues to attend after school study hall, or can return to practices/contests/activities without attending study hall.

A student must be passing all courses at the next grade reporting interval, and have satisfactory effort comments, to be dismissed from study hall.

A student's attitude and effort may also be taken into consideration by teachers and coaches for inclusion into after school study hall.

All extracurricular activity participation will be subject to attendance at after school study hall as well.

Athletes must be in school by 9:30AM on game day to participate / play and they must participate in PE.

If/when a sports/activity season ends, attendance in after school study hall is no longer mandated. Be aware that attendance in after school study hall may be necessary to begin an individual's participation of the next sports/activity season.
